DETAILED ACTION

1. Formal Matters

- A. The Amendment filed 4/13/09 has been entered into the record.
- B. Claims 2-6, 8, 9 and 13 are pending and are the subject of this Office Action.

2. Claim Objections

- A. All claim objections have been withdrawn in view of Applicants' amendments to the claims. However, a new matter rejection is now being made. It is noted that claim 13 recites "one, or between 2 and 6". However, no rejection is being made since the claim appears limited to "1, 3, 4 or 5 amino acids (which are "between" 2 and 6, non-inclusive). Therefore, the language is clear.

3. Claim Rejections - 35 USC § 112, first paragraph – new matter

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

- A. Claims 8, 9 and 13 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Applicants have amended claims 8 and 9 to recite "fewer than 7". This amendment was suggested by the Examiner as long as it did not represent new matter. Applicants did not point out where in the specification support for this limitation could be found.

Furthermore, claim 13 recites "1, or between 2 and 6". This new matter issue was raised on pages 2-3 of the Office Action mailed 1/13/09.

Art Unit: 1647

4. Claim Rejections - 35 USC § 112, second paragraph

A. The rejection of claim 9 under 35 USC 112, second paragraph, has been withdrawn in view of Applicants' amendment.

5. Conclusion

A. Claims 2-6 are allowable.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
